

main.c

Output

```
1  #include <stdio.h>
2  int main()                K.Somasekhar
3  {                          192211411
4      int i, n, sum=0;
5      printf("Enter any number: ");
6      scanf("%d", &n);
7      for(i=2; i<=n; i+=2)
8      {
9          sum += i;
10     }
11     printf("Sum of all even numbers
        from 1 to %d: %d", n, sum);
12     return 0;
13 }
```

main.c

Output

```
/tmp/IBerJJRkmY.o
```

```
Enter any number: 7
```

```
Sum of all even numbers from 1 to 7: 12|
```

```
K.Somasekhar  
192211411
```
